Measurements

Start with an A4 piece of cardstock. Use the diagram on the next page to cut and score.

Cut an 4 pieces of cardstock 6x6cm

Cut 2 strips 15cm x 1.9cm

Use scraps of Seaside Spray cardstock and watercolour paper for the greeting/image

1. Cut and score according to diagram on next page.
2. Emboss the 4 pieces of 6x6 cardstock and 2 pieces of 1.9x15cm cardstock with the Coastal Weave embossing folder. Ink the edges with a sponge dauber and crumb cake ink.
3. Attach the two strip pieces onto the long piece you cut off from the A4 cardstock. This will have a strong embossed handle.
4. Place the cut and scored bit with the cut edges facing you, right side down.
5. Attach 3cm of each end of the handle on the right side of each of the two middle pieces. Use Tear and Tape adhesive initially (this is really strong for boxes and also helps the handle attach close to the top of the basket) and then also staple for extra strength (this will be hidden)
6. Adhere the four square embossed pieces onto the 2 outside sections on the side facing to you and the side facing away from you. This gives the basket weave look to the box.
7. Attach tear and tape adhesive to the top and inside edges of the four sections which have the embossing folder squares attached
8. Bring each of these edges in towards the centre with the corner tip attaching approximately 1/3 across the handle
9. Stamp the bunny from Fable Friends onto Fluid 100 watercolour paper using Stazon Jet Black. Colour using a Blender Pen and the ink picked up from inside the lid of the ink pad. I used Crumb Cake ink for the body and Seaside Spray for the jumper.
10. Cut the image out using one of the Layering Oval Dies, and also cut a layer of the slightly larger scalloped oval using the Seaside Spray cardstock.
11. Attach these layers together using Dimensionals, and attach the whole piece to the basket using Dimensionals too.

12. Tie a double length of linen thread in a bow around the handle and secure with mini glue dots. Attach a Seaside Spray bevelled dot over the top of the bow.
13. Emboss the Easter greeting in white onto Seaside Spray and cut out with small layered oval die. Attach below bunny.
14. Fill the box half with shredded paper and add in the mini eggs!

Cutting and Scoring Template

Start with an A4 piece of cardstock. Score on dotted lines, cut on solid.
