3. Read through the **Acknowledgement and Consent to Electronic Agreement** and tick the 'acknowledged' box to the right underneath this.
4. Read through the **Independent Demonstrator Agreement** and tick the 'acknowledged' box to the right underneath this, then press continue.
5. The next screen you will come to is this.
 - a. Check the round box to select the \$169 Starter Kit Value.
 - b. Check the 'no' button to the question 'Do you have a Stampin' Rewards Starter Kit Code?' (this is just for a workshop host) and click 'Apply'

1. Choose Your Starter Kit Value

Do you have a Stampin' Rewards Starter Kit Code? No Yes

6. The next screen will pop up with 'Choose Your FREE Business Supplies Pack'. This is where you get your free box of catalogues to give to family and friends so check the little round circle to the left of the image.
7. You now get to the section where you build the rest of your Starter Kit. You can choose products up to the value of \$235 (but not over). You can search for the items to add by the item number (from the catalogue) or the product name. A range of options will come up and you click 'add' for the one you want. As you add each item it will appear in the list under the box that shows the items. The **yellow highlighted section** keeps track of how much retail value you have left to choose. When you get as close as you can to \$235, click continue.
8. The next screen is where you fill in all your personal information and shipping information. You don't need to enter the Drivers Licence number or ABN (unless you already have one). The GST registration is set to answer 'no' so you only need to change that if you are registered for GST. The supporting spouse question to the right refers to your spouse being able to attend training events, place orders and the likes for your business. There is a section in the agreement that refers to more information about this.
9. Click continue and you will come to the screen where you can review the information to ensure it is correct, and then add your credit card information to pay for your Starter Kit. Stampin' Up! has a very secure system.
10. Click SUBMIT and you're done. You will get your Demonstrator Information, and you will also be emailed passwords to access the Demonstrator Website and Stampin' Connection. I will also receive an email to indicate you have signed up and will be able to send you invitations to join my team Facebook group.
11. There's a few things to do to get started on the demonstrator website but I can help walk you through those.
12. Your starter kit should leave the warehouse within 48 hours. To see what day it is shipped, you can go to Ordering / Check Order Status on the Demonstrator Website.

Call me at any of the steps if you need help. My home number is 03 9735 2946 and my mobile number is 041 212 0498. Look forward to having you on the team. Claire
