Today we are making two cards, using a simple but very effective technique called paper piecing (don't get it confused with paper piercing)!

Measurements

Shimmery White cardstock 10.3cm x 7.5cm

Lovely Lipstick cardstock 10.6cm x 7.8cm

Scraps floral DSP (I used Best Dressed)

Scraps Purple Posy cardstock for greetings

Step by Step Instructions

1. Stamp the girl (x2) and child images onto different floral patterns using either Black Stazon or Memento ink.

2. Cut these out with paper snips.

3. Using Black Stazon, stamp the images onto Shimmery White cardstock (the the girl and mother image), and straight onto the Magnolia Memory card for the lady in the garden image. I didn't precut the Shimmery White cardstock in the image, but I would recommend doing that before stamping.

4. Adhere the DSD over the same area on the stamped images (I adhered with Snail).
5. For the Shimmery White image, cut to 10.3 x 7.5cm size (if you didn't precut), and adhere to the Lovely Lipstick mat piece, and then onto the card front.

7. Using the Blender Pen and ink from the inside of the ink pad lid (squeeze the ink pad while closed if there isn't enough ink there), colour:
 - ⇒ The hair on both images in crumb cake
 - ⇒ The ground on the 2 person image in crumb cake
 - ⇒ The grass on the one person image in Pear Pizazz
 - ⇒ The flowers in the one person image in Highland Heather
8. Stamp the birds in the sky of both cards using Smoky Slate ink.
9. Stamp the greetings from Itty Bitty Greetings onto scraps of Purple Posy cardstock.
10. Punch out using the Classic Label Punch. Attach to card using Snail Adhesive or glue.
