Today we are making an elegant card with some added interest with layers, and a watercoloured image. I also show you how to reduce the size of the Classic Label punched shape.

Measurements: (also see attached template)

Crumb Cake cardstock: Top folding C6 standard card and another cardfront sized piece for Ornate die

DSP: 2 pieces 10.3cm x 4.7cm

Watercolour Paper: One piece 5.5cm x 9cm

Piece of cardstock for inside card (Whisper White, Very Vanilla or Shimmery White will be fine—your choice) 5.5 x 9cm.

Step by Step Instructions

1. Fold your base card and burnish with your bone folder.
2. Cut the Ornate Layer die shape (the one that measures approximately 11.5cm x 8cm overall) with your die cutting machine. If you don't have this die, just cut one or two layered pieces of rectangle cardstock slightly larger than the watercolour paper piece.
3. Cut the two pieces of DSP and piece of watercolour paper according to measurements above. Ink the edges of each of these 3 pieces using a sponge dauber and the Crumb Cake ink pad.
4. Cut 4.9cm off the bottom of the cardfront, and then 5cm off the remaining piece. Put the 5cm piece aside to use on another project.
5. Adhere the two pieces of DSP to the top and bottom pieces of cardstock.

6. Stamp the woman image from Beautiful Moments onto the Watercolour paper using Jet Black Stazon ink (you must use Stazon when watercolouring otherwise the edges will smudge when you apply water).

7. Use the Aquapainter to watercolour the larger areas of the dress in Rococo Rose, and the hair in various shades of Crumb Cake.
8. Use the Blender Pen for the more intricate pieces of the grass (which I coloured with Mint Macaron) and the flowers which I coloured with Highland Heather.

9. Using a Stampin' Sponge, lightly sponge a blue sky in the top area of the image. I used Seaside Spray ink pad, but you could also use Pool Party or Balmy Blue. You could also achieve a similar look with a very light watercolour wash).

10. Adhere the water coloured piece to the centre of the Ornate Frame using Snail or multipurpose glue.

11. Use paper clips to temporarily attach the loose front cardstock piece to where it will sit when the card is completed.

12. Apply snail adhesive or multipurpose glue to the top and bottom of the back of the Ornate die cut piece.

13. Attach while the card is flat and then remove the paperclips.

14. Attach a piece 5.5cm x 9cm on the inside of the card behind the centre of the Ornate Layer (so it can't be seen when the card is closed).

15. Stamp the 'a little hello' greeting in Stazon onto a piece of Mint Macaron cardstock.

16. Cut out with the Classic Label punch with the greeting closest to the left side.

17. Turn the punch over and thread the right end of the greeting back through the right end of the punch, so you can cut the right end closer to the greeting.

18. Attach to the bottom right of the watercoloured piece using mini Dimensionals.

19. Arrange three adhesive pearl jewels as shown.

20. Tie a double strand of linen thread around the top of the card and tie a bow.
